

Environmental Discussion Group

Under the aegis of the [Mankato Area Environmentalists](#), Chaz Draper will be leading an environmental discussion group to share ideas on a broad range of environmental topics.

Introductory meeting: Tuesday, March 22, from 4:00 to 5:30 pm.

Where: Fillin' Station back room

The first meeting will be primarily organizational, to judge community interest and to determine which topics are the most pressing to the greater Mankato community. All those who are members of the Sierra Club, Izaak Walton League, Nature Conservancy, Mankato Area Environmentalists, Mankato Paddling and Outings Club, Katobikewalk, Sustainable Mankato, Students for Sustainability, Save the Kasota Prairie or other similar groups -- or if you just have an interest -- are encouraged to attend.

If you think you can come, please RSVP to Chaz at chazdrumz@yahoo.com.
