

Professor Barney Butter Bean has been sampling the Savannah River swamp and is in a real pickle! Help him find the equipment he needs to capture these alligators by finding the path he should take through the wetland maze.

WORD JUMBLE

Professor Barney Butter Bean has **another** problem. He just received an e-mail from his aquatic biologist friend at LBU (that's Lima Bean University), but the letters got all scrambled. Can you unscramble the letters so Professor Barney can read his message?
