## Minnesota, Missouri, and Des Moines River Basin: Bioaccumulative Toxics
### 2008 Impaired Waters Requiring a TMDL
(per Section 303 (d) Clean Water Act)

For additional information concerning impairments, such as station information and monitoring data, see the MPCA Environmental Data Access System. [http://www.pca.state.mn.us/data/edaWater](http://www.pca.state.mn.us/data/edaWater)

#### Map Legend
- **Pollutant, Stressor or Indicator**
  - Hg = Mercury
  - PBT = Persistent Bioaccumulative Toxics (DDT, Dieldrin, Dioxin, Toxaphene)
  - PCB = Polychlorinated Biphenyls
  - PFOS = Perfluorooctane sulfonate
- **Lake Impaired by Mercury and PFOS**
- **Lake Impaired by Mercury and PCBs**
- **Lake Impaired by PFOS**
- **Lake Impaired by Mercury and PCBs**
- **Lake Impaired by Mercury and PFOS**
- **Impaired Stream/ River**
- **Stream/ River**
- **Open Water**
- **Major Watersheds**
- **Counties**

#### Map Details
- **Minnesota River (PCB)**
- **Watonwan River (Hg)**
- **Le Sueur River (Hg, PCB)**
- **Blue Earth River (Hg, PCB)**
- **Little Beauford Ditch (Hg, PCB)**
- **Little Cobb River (Hg)**

#### Table

<table>
<thead>
<tr>
<th>Pollutant, Stressor or Indicator</th>
<th>Impaired Stream/ River</th>
</tr>
</thead>
<tbody>
<tr>
<td>Hg = Mercury</td>
<td>(per Section 303 (d) Clean Water Act)</td>
</tr>
<tr>
<td>PBT = Persistent Bioaccumulative Toxics (DDT, Dieldrin, Dioxin, Toxaphene)</td>
<td>(per Section 303 (d) Clean Water Act)</td>
</tr>
<tr>
<td>PCB = Polychlorinated Biphenyls</td>
<td>(per Section 303 (d) Clean Water Act)</td>
</tr>
<tr>
<td>PFOS = Perfluorooctane sulfonate</td>
<td>(per Section 303 (d) Clean Water Act)</td>
</tr>
</tbody>
